

Waterline Flushing Notice

Pembina Valley Water Co-op (PVWC), in coordination with the RM of Dufferin, will be flushing waterlines throughout the municipality over the next month.

Residents may experience temporary service disruptions, including reduced pressure, brief interruptions, or discolored water with changes in taste or odor.

If your water appears discolored, run your cold water taps for several minutes to help clear the lines. If issues persist beyond 48 hours, please call 204-750-2652.

Thank you for your patience and understanding.

— RM of Dufferin
