

Setting up your banking info to pay the RM of Dufferin with online banking

All the Banks also provide the name of the payee, so we use your name, the amount you are paying, as well as your account number to match your payment with your invoice. The banks require a minimum of 4-10 numbers, please use “numbers” only do not include the decimal point when adding your account, for Tax Accounts the 3 zeros after the decimal may be deleted and for Water/Utility Accounts remove the decimal but keep the 01, 02.... remains. See this example below.
